WRANGLER

JEEP®
WRANGLER

THE NEXT GENERATION OF FREEDOM

FREE
DOM
IS THE
NATURAL
STATE
OF HUMAN
KIND

A desire for freedom is innate in human beings. It emerges as a desire to explore, a passion for the natural world, a search for a defined identity. This has always been the authentic essence of Jeep®, perfectly embodied in Wrangler: an icon that has managed to remain loyal to its roots while adapting to the changing spirit of the times. Today its irrepressible inclination towards adventure leads it to explore new terrains, be it on- or off-road. New destinations, new sensations, new emotions. The journey starts again here.

YOUR SPIRIT REVEALED.

Free spirits recognize each other on sight: it's a natural affinity. From the very beginning, Wrangler has accompanied such pioneers, taking them away from the ordinary, heading towards amazing journeys and exciting adventures. Its nature has not changed at all over the years – quite the contrary. The most recognizable vehicle in the world stays true to the original: it has been further improved to deliver more rugged capability, with increased interior comfort for superior driving experiences.

A black Jeep Wrangler is parked on a rocky path inside a cave. In the background, a waterfall cascades down a rocky wall, with light filtering through the cave opening. The scene is dramatic and emphasizes the vehicle's rugged capabilities.

SAME CHARACTER, NEW LIGHT.

The Wrangler design is the natural evolution of a vehicle that remains loyal to the original. The legendary seven-slot grille with outer slats intersecting with the headlights pays homage to the Jeep® CJ. And the authentic spirit is immediately evident, clearly distinguishing the Wrangler's identity. Its wide stance and bold and rugged shape instantly evoke a sense of strength and sturdiness, a perception reinforced by the lowered beltline.

A BEACON IN THE STORM.

Iconic round headlamps provide the distinctive Wrangler character. The Full LED system and fog lights complete the unique look, offering ultra-bright lighting to significantly increase road visibility. The new Automatic High Beam function illuminates and dims the high-beam headlights when there is approaching traffic coming. LED daytime running lights are located on the trapezoidal wheel flares giving the car an unmistakable look, and LEDs are also deployed in the square-shaped tail lights. To see, be seen and be recognized. Always.

AUTHENTIC OPEN-AIR EXPERIENCE.

The Jeep® Wrangler, the only true open-air 4x4 SUV on the market, has been designed and built for greater freedom.

FOLD DOWN WINDSHIELD*

Now it's easier than ever to have more fresh air in the face and a clearer view of the trail ahead.

FREEDOM® TOP 3-PIECE MODULAR HARDTOP

The lightweight design of the hard top makes it even easier to remove. Available in black or in body colour depending on trim level.

No need to make a final decision. The Dual Top option combines the advantages of the Hard top and the freedom of the Soft Top.

REMOVABLE DOORS*

Made of lightweight aluminium. Take them off and freedom becomes closer than ever.

SKY ONE-TOUCH™ POWER TOP

The exclusive power soft top on a Wrangler opens up a large panoramic centre section with removable rear-quarter window sections.

*Driving with doors off and windshield down is for off-road use in permitted areas/roads only.

**THE POWER TO OPEN
UP YOUR WORLD.**

ADVENTURE GOES URBAN.

A truly adventurous spirit knows no limits. The Jeep® Wrangler comes with superior on-road dynamics, in order to optimize handling and comfort. The five-link suspension system with specific shock tuning provides a pleasurable ride and an optimum balance between on-road steering and its legendary off-road capability. The two-speed transfer case with full-time 4x4 actively contributes to an exceptional control.

Safety is a priority, with over 65 active and passive safety systems such as Blind Spot Monitoring and Rear Cross Path Detection, Parkview Rear Backup Camera with Dynamic Grid Lines, Forward Facing Camera, Automatic High Beam, Full Speed Forward Collision Warning Plus, Adaptive Cruise Control, Electronic Stability Control (ESC) with Electronic Roll Mitigation, front and rear parking sensors, and four standard air bags. Because safely is the only way to travel.

PARKVIEW® REAR BACK-UP CAMERA
When the vehicle is in Reverse, the Uconnect™ screen displays a wide-angle view of what's immediately behind your vehicle. On-screen dynamic grid lines help you see your back-up path. Standard.

BLIND SPOT MONITORING AND REAR CROSS-PATH DETECTION
Maintain a safe perimeter with the help of these sensor systems. Chimes and illuminated icons notify you when side or rear blind spots are encroached. Standard.

PARKSENSE® FRONT/REAR PARK ASSIST SYSTEM
Works in tandem with ParkView® Rear Back-Up Camera and uses front and rear sensors to bring previously hidden objects to your attention with an audible warning so you have time to react. Standard.

ELECTRONIC STABILITY CONTROL (ESC)
A vehicle-wide network of safety sensors helps maintain vehicle control, providing instant aid should it detect you veering off your intended path. ESC coordinates a range of safety systems, sending them into action when needed. Standard.

AUTOMATIC HIGH BEAM
Headlamp system adjusts to oncoming traffic to deliver maximum lighting according to the driving conditions.

NEXT-GENERATION AIR BAGS
When a crash is detected, these air bags deploy, including supplemental front-seat mounted air bags, nearly instantaneously, providing occupant protection that's matched to crash severity. Standard.

FORWARD COLLISION WARNING PLUS MITIGATION
Uses radar and sensors to video-detect when you may be approaching another vehicle too rapidly. An audible and visual alert is given, or the system assists the driver in mitigating a potential collision. Available.

ENHANCED ACCIDENT RESPONSE SYSTEM (EARS)
This system makes it easier for emergency personnel to see and reach occupants in the event of an accident, turning on interior lighting, flashing hazard lamps and unlocking power doors after air bag deployment. Standard.

ADAPTIVE CRUISE CONTROL WITH FULL-STOP
Adaptive Cruise Control with Full Stop automatically adjusts your driving speed to maintain a pre-selected distance from the vehicle ahead. If necessary, it will bring your vehicle to a complete stop, all without driver input.

LOSE TRACK OF TIME, NOTHING ELSE.

An authentic style, great versatility, improved comfort and intuitive features. Every detail reveals expert craftsmanship and top-quality materials. Metal-plated elements and fine upholstery now in leather with accent stitching – each and every feature is carefully planned. A push-button starter, featuring a weather-proof surround, is easily located within the driver's reach. And what is more, every Wrangler comes standard with durable and washable interiors, fitted with drain plugs for easy clean-up. The end product is a interior where the concept of time can be easily forgotten.

NATURALLY REFINED.

Wrangler interiors evoke the refinement of nature and its attention to details. Soft-touch surfaces, wrapped dashboard with accent stitching, heated seats and steering wheel, leather-trimmed seats with accent stitching and embroidered logos for Overland and Rubicon. A heady blend of details for an unprecedented driving sensation.

OVERLAND

BREAK THE SOUND BARRIER.

The Jeep® Wrangler's interior combines rugged details and on-board pleasure to deliver superior driving experience. The perfect environment to fully enjoy the sound quality of the available 552-Watt Alpine® All-Weather Premium Audio System with 8 speakers and a rear subwoofer. Nothing less for an unrivalled off-roader.

CUSTOMIZED CONNECTION.

The instrument cluster is equipped with an available 7" thin-film transistor LED display. This allows information to be configured in more than 100 ways, including current media being played, tyre pressure or digital speed readout. The available fourth-generation Uconnect™ 8.4" touchscreen system, located in the mid-centre console, features smartphone connectivity, pinch-to-zoom capability and Drag'n'Drop functionalities, allowing owners to customize the system with their own most commonly-used menu buttons and specific Off-Road Pages providing vehicle status while operating in off-road conditions.

Apple CarPlay™ enables iPhone users to access Apple Maps, messages, phone and Apple Music through Siri voice control or Uconnect™ touchscreen.

Android Auto™ enables easy and safe access to your favorite apps like Google Maps and YouTube Music via Uconnect™ touchscreen or steering-wheel controls.

To use Android Auto on your car display, you'll need an Android phone running Android 6.0 or higher, an active data plan, and the Android Auto app.

Google, Android, Android Auto, YouTube Music and other related marks are trademarks of Google LLC.

Android Auto is not available in all regions and languages. Please check <https://www.android.com/auto/> for country and language availability.

JOINING THE FUTURE.

The future was yesterday. Designed to meet your everyday needs and integrate your daily lifestyle, the Jeep® Wrangler is all the more connected thanks to its new Uconnect™ Box and Uconnect™ 8.4 Nav HD System, providing all kinds of vehicle information. You can always keep your eyes on the road and have everything under control.

Download Jeep, mobile app or go to the official Jeep, website to take advantage of all services.

MY ASSISTANT

MY REMOTE

MY CAR

MY ALERT

MY FLEET MANAGER

For more information regarding the timing and activation for each service, please refer to the official Jeep, website.

MY ASSISTANT

SOS CALL

Through the built-in SOS button contact the EU Emergency Service (112) that receives your last known GPS location and vehicle identification number. An automatic call is generated under certain crash conditions.

ROADSIDE ASSISTANCE

Directly contact the call center to receive roadside assistance through the Jeep, mobile app.

Available only on Jeep, mobile app

CUSTOMER CARE

Contact the call center with your questions and concerns about your vehicle through the Jeep, mobile app. Your car provides vehicle location and vehicle identification number.

Available only on Jeep, mobile app

VEHICLE HEALTH REPORT

Receive emails or notifications through the Jeep, mobile app and web portal, you will receive information about the health and maintenance of your vehicle.

MY REMOTE

VEHICLE FINDER

Visualize your vehicle's location on your smartwatch and smartphone, through the Jeep, mobile app or web portal. you can also launch pedestrian directions from your position to the vehicle.

DRIVE ALERTS

Stay in control of your vehicle even when it is driven by another person. Receive alerts on Jeep, mobile app or web portal for preset parameters.

AT-HOME DIGITAL ASSISTANT

Get vehicle info, search points of interest (POI), lock and unlock doors and control the vehicle lights, using your At-Home Digital Assistant.

MY CAR

VEHICLE INFO

Get real-time information on your vehicle's fuel level and battery level (only for 4xe), tyre pressure, odometer and oil life on a smartwatch, the Jeep® mobile app or the web portal.

VEHICLE HEALTH ALERT

Receive specific push notifications about powertrain, oil, fluids, brakes, suspension, safety and lights on a smartwatch, the Jeep® mobile app or the web portal.

MY ALERT

ALWAYS IN YOUR ELEMENT.

All destinations are within reach, because all terrains can be travelled. Two 4X4 systems - Selec-Trac® on Sahara and Overland, and Rock-Trac® on Rubicon - offer full-time torque management, enabling optimal grip in slippery, low-traction conditions such as driving over rock, sand, gravel, snow or ice. The Trac-Lok® limited-slip rear differential is standard on Sahara and Overland trims, while the Rubicon features the Tru-Lok® electric front and rear axle lockers for extra torque and grip to face the toughest conditions. Because adventure is great in any environment. Thanks to legendary 4x4 capabilities, every Wrangler model receives a Trail Rated badge, certifying that the vehicle has passed a series of gruelling tests in five categories: Traction, Water Fording, Manoeuvrability, Articulation and Ground Clearance.

The 2.0L petrol versions (2 and 4 doors) are only available in limited number of units in stock.

The values of the CO₂ emissions and fuel consumption are defined on the basis of official tests in compliance with the provisions under the applicable EU Regulation in force at the time of the homologation. In particular, the values indicated are determined on the basis of the WLTP test procedure. The CO₂ and fuel consumption values obtained according to applicable regulation are indicated in order to allow the comparison of vehicle data. The values of CO₂ and fuel consumption may not reflect the actual values of CO₂ and fuel consumption, which depend on many factors related, by way of example but not limitation, to the driving style, the route, the weather and road conditions, as well as the condition, use and equipment of the vehicle. The indicated value of CO₂ and fuel consumption refers to the versions of the vehicle with the highest and the lowest values. Those
